

**RESPONSE UNDER 37 C.F.R. § 1.116  
EXPEDITED PROCEDURE – Art Unit 1753**Attorney Docket No. 291958176US2  
SEMITOOL REF No. P97-0013US3**REMARKS**

Claims 3, 5 and 6 are presently pending in the application. The undersigned wishes to thank Examiner Mutschler for conducting a personal interview on May 6, 2004. The Interview Summary provided by the Examiner is enclosed with this paper.

**A. Response to Section 102 Rejection—Ishida**

Claim 3 was rejected under Section 102 over U.S. Patent No. 5,447,615 issued to Ishida ("Ishida"). Claim 3 has been amended in this paper exactly in accordance with the amendments agreed upon by the Examiner. Therefore, in accordance with the agreement reached with the Examiner, claim 3 is patentable over Ishida.

**B. Response to Section 102 Rejection—Stevens**

Claims 3, 5 and 6 were rejected under Section 102(e) over U.S. Patent No. 6,251,236 issued to Stevens ("Stevens"). Stevens is not prior art under Section 102(e) because the priority date of the present application antedates that of Stevens. Therefore, this rejection should be withdrawn.

**C. Response to Section 102(e) Rejection—Patton et al.**

Claim 3 was also rejected under Section 102(e) over U.S. Patent No. 6,156,167 issued to Patton et al. ("Patton"). As with Stevens, the priority date of the present application antedates that of Patton. Therefore, the rejection of claim 3 over Patton should also be withdrawn.

**D. Conclusion**

In view of the foregoing, the pending claims comply with 35 U.S.C. § 112 and patentably define over the applied art. Applicants accordingly request reconsideration of the application and a Notice of Allowance. If the Examiner has any questions or believes a telephone conference would expedite prosecution of this application, the Examiner is encouraged to call at (206) 359-3258.
